Yatendra Verma

Python Developer & AI/ML Engineer

Indore, Madhya Pradesh, India | +91-9479607590 | yatendrav477@gmail.com | github.com/Yatendra477 | linkedin.com/in/yatendra-verma-0899a6246

SUMMARY

Passionate Python Developer and AI/ML Engineer specializing in Computer Vision, Machine Learning, and backend development. Building intelligent systems that bridge the gap between cutting-edge research and real-world applications.

EXPERIENCE

Python Developer Intern | Cyber Instant Pvt. Ltd., Indore

Oct 2024 — Present

- Developed scalable backend services and APIs using Python.
- Optimized database queries and improved application performance by 25%.
- Collaborated closely with cross-functional teams to integrate AI models into production.

EDUCATION

B.Tech in Robotics and Automation | Medicaps University, Indore

2022 — 2026

CGPA: 7.9/10

SKILLS

Languages: Python, JavaScript, TypeScript, C++, HTML/CSS, SQL

AI/ML & Data: TensorFlow, PyTorch, OpenCV, Scikit-learn, Pandas, NumPy, NLP, Generative AI

Web Technologies: React.js, Next.js, Node.js, FastAPI, Flask, Tailwind CSS

Tools & DevOps: Git, Docker, Linux, AWS Basic, Jenkins, MySQL, PostgreSQL

KEY PROJECTS

Non-Profit Support Triage Agent | *Python, FastAPI, Llama 3, spaCy*

- Built a production-grade, multi-agent AI system that classifies and routes support messages.

Face Recognition Attendance System | *Python, OpenCV, MySQL, Tkinter*

- Developed a real-time face recognition attendance system achieving 95%+ detection accuracy.

PyShortify — URL Shortener | *Python, Flask, MySQL*

- Created a high-performance URL shortener with click analytics and fast redirection.

CERTIFICATIONS

- **Agentic AI** — Datagami & nasscom (Apr 2026)
- **Generative AI** — Datagami & nasscom (Mar 2026)
- **DevOps Foundation** — Datagami & nasscom (Feb 2026)
- **Smart UAV: AI/ML in Communication & Navigation** — IIT Indore (Mar 2024)
